

PE and Sports Premium Report 2025-26

At **St John's Catholic Primary School**, we remain committed to using the Primary PE and Sport Premium to improve the quality, range and inclusivity of physical education, school sport and physical activity for all pupils. During the 2025-26 academic year, the school received **£17,860** in PE and Sport Premium funding, all of which was spent to enhance opportunities for pupils and ensure sustainable improvements in provision.

Key Areas of Spending and Impact

1. Investment in Equipment and Resources (£7,675)

A significant proportion of funding was invested in maintaining and developing PE equipment and resources. This investment has enabled staff to deliver engaging, high-quality lessons across all year groups whilst ensuring pupils have access to safe, appropriate and inclusive resources. Improved equipment has also supported active lunchtimes and the development of fundamental movement skills.

2. School Games Organiser Network (£4,000)

The school continued its membership of the School Games Organiser (SGO) network, providing opportunities for pupils to participate in festivals, competitions and multi-skills events. These activities have developed pupils' confidence, teamwork, resilience and enjoyment of physical activity while increasing participation rates across the school.

3. Extra-Curricular Sporting Opportunities (£1,500)

Funding supported a range of additional sporting opportunities beyond the curriculum. This enabled more pupils to engage in regular physical activity and experience a broader range of sports and activities. Disadvantaged pupils continued to access clubs free of charge, ensuring equality of opportunity.

4. Inter-School Competitions (£1,400)

The school continued to participate in a wide range of inter-school competitions, allowing pupils to represent the school and develop important personal qualities such as determination, sportsmanship, teamwork and resilience. Participation in competitive sport has helped promote pride, confidence and a sense of achievement.

5. Targeted Support for Girls and Disadvantaged Pupils

A continued focus has been placed on increasing participation among girls and disadvantaged pupils. The girls' football club has remained well attended, while targeted opportunities and subsidised provision have ensured that all pupils can access sporting activities regardless of financial circumstances.

6. Swimming and Water Safety (£1,449)

Additional funding was used to support swimming provision and ensure pupils achieved the required national curriculum expectations in swimming and water safety. The impact of this spending was positive, contributing to strong outcomes for Year 6 pupils.

Swimming and Water Safety Outcomes

We are pleased to report the following outcomes for Year 6 pupils:

- **100%** can swim competently, confidently and proficiently over a distance of at least 25 metres.
- **83%** can use a range of strokes effectively, including front crawl, backstroke and breaststroke.
- **100%** can perform safe self-rescue in different water-based situations.

Overall Impact

The PE and Sport Premium has enabled the school to:

- Maintain high-quality PE provision across all year groups.
- Sustain strong levels of pupil participation in sport and physical activity.

- Increase opportunities for pupils to take part in festivals and competitions.
- Promote greater participation amongst girls and disadvantaged pupils.
- Maintain strong swimming and water safety outcomes.
- Enhance pupils' physical development, confidence, resilience and teamwork skills.

By continuing to invest in high-quality resources, participation opportunities and sustainable improvements to provision, the school remains committed to ensuring that all pupils benefit from an engaging, inclusive and ambitious PE curriculum both now and in the future.

Funding Breakdown 2025-26

Area	Expenditure
